MEMORANDUM FOR: Assistant Director, Current Intelligence

SUBJECT : KAREN Situation

2. It would be appreciated if the Office of Current Intelligence would take the responsibility for the preparation of a current intelligence memorandum on the KARENS with a target date of the middle of April. This should be useful to the Director and policy officers as well. Subsequent memoranda might well be produced periodically while the situation remains serious.

3. In this first memorandum would you include comments as appropriate [redacted] confining them to their statements of fact or evaluation of the current situation.

4. It is suggested that when OCI has prepared its draft of this intelligence memorandum that it be distributed to OSO and ONE and that they be invited to meet with OCI for a discussion of the paper, their additions and for their concurrences, informally or formally, as they prefer.
